How It Works – Offer Presentation

The screenshot shows the 'Info Hub Specialty Travel Guide' website. The main navigation bar includes 'Home', 'Vacations', 'Destinations', 'Quiz', 'Forums', 'Articles', and 'Other'. The breadcrumb trail is 'Home > Hunting lodges > Minnesota > Timber Trail Lodge & Outfitters'. The offer title is 'Timber Trail Lodge & Outfitters' with a subtext 'offered by supplier M13709'. A 'Request for Information' form is visible, with two red arrows pointing from the offer title to the 'First Name' and 'Last Name' fields. The form includes fields for 'Last Name', 'Phone Number (optional)', 'E-mail Address', 'Country of Residence', 'Number of Adults', 'Number of Children', 'Approximate Travel Time Period', and 'Trip Duration'. A 'Privacy Statement' and 'Request for Information' options are also present.

- Advertiser provides detailed description with pictures for each travel packages offered
- Travel packages are organized based on destination and/or travel theme
- All travel packages include an lead capture form.

How It Works – Lead Capture

Amazon Fly Fishing Expeditions
offered by supplier M11949 ([view this supplier profile](#))

Key Information:
Specialty Category: Fishing lodges
Location: Brazil
Continent: South America
Regular daily rate: US Dollar (USD) 230 - 320 per day

We travel through the famous Rio Negro and its sinuous dark water tributaries. Departing our of Manaus, Brazil, on a two-decked regional riverboat and then using a jungle camp upriver as our base, in areas that are too shallow for other sportfishing or commercial fishing boats to reach. This is what make us stand out in the crowd, we fish in truly remote rivers where giant peacock bass are numerous and very aggressive.

Property amenities:
The two-decked riverboat is very safe and clean. It has a bathroom, shower, kitchen, solarium, satellite phone, etc. The crew is consisted of a cook, captain, first mate, second mate and two english-speaking hosts with vast experience on the region and in fly fishing. The fishing guides are the locals, as they know the best lakes better than anyone else.

Nearby attractions and activities:
Fly fishing for giant peacock bass with topwater flies and streamers. Regular tackle is also very productive. We also do a lot of sightfishing for peacocks on shallow sand bars of the river. At night we also fish for giant catfish weighting up to 100 lbs. Other fish species to be caught are piranha, arawana, pacu, jacunda, traora and other exotics.

Location:
Remote tributaries of the Rio Negro, Brazil.

Policy:
A 50% deposit is required to confirm your reservation. The deposit is not refundable, but may be applied to a future trip, the same season or the following season. Full payment is due 15 days in advance of your scheduled trip. We recommend trip cancellation insurance, available from your insurance courier, travel agency or booking agency. Anglers paying the full trip in advance will receive a free selection of suitable flies for the region.

We try to plan our trips according to the best flight options to and from the US, but we can't guarantee that these flights will continue to operate on the same timetable, as airlines sometimes change their flight schedules without further notice. This is beyond our control. Contact us if you have doubts about the best flight options or need help to book your air tickets, as there are alternate routes.

This trip is for a maximum of 6 anglers and it takes 11 days.

Air tickets to Manaus, alcoholic drinks other than beer, lunch and dinner in Manaus, gratuities and calls with the satellite phone are not included. Everything else is included.

We have options of using both the riverboat or a float plane on the return trip from the fishing areas. Please let us know which one you prefer. Prices will vary.
